

I believe that Sinclair Broadcasting is breaking the law by forcing their stations to air an anti-Kerry documentary days before the election.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. Sinclair's actions show why we need to strengthen media ownership rules. It is extremely dangerous to our democracy to allow one company to control so many TV stations. This begins to make us look like a totalitarian state, rather than a free democracy.

The license renewal process needs to involve more than a returned postcard. Thank you.
